

## Construction Helper/Laborer

**Date Posted:** 2018

**Compensation:** Based on experience

**Employment Type:** Full-Time

**Hours/Days of work:** 40 hours per week, First Shift, Monday – Friday

**Duties & Responsibilities:** We are looking for a self-motivated, energetic, eager to learn individual that is willing to work hard and has at least + 1 yr experience in the construction field.

Work including but not limit to: Assisting tradesmen with specified duties involving physical labor at construction sites and our shop. Clean up of job sites and shop area. Picking up materials, hauling equipment and running errands when needed. Operating hand and power tools of all types.

Some of the main areas of work we perform would be concrete walls/slabs, setting and enclosing modular homes (roofing, siding, trim, hang & finish drywall, install flooring, etc.), building garages (framing, roofing, siding, etc.), basement finishes and building decks/porches.

**Experience Desired:**

Experience in the Construction Trade (concrete, rough framing, finishes) is preferred. You must be able to read a ruler and use hand tools, be physically able to perform job (climb ladders, lift 50+ lbs. etc.) and have a valid driver's license.

**To Apply:**

You may stop by our office and fill out an application, email or send us your resume **with wage requirements and detailed work history** (start/end dates & pay, supervisor name & phone number, reason no longer employed/leaving) to:
